A Quick Word About the New Session

We decided that because you get bombarded with so much paperwork at the start of a new session, that we would try to get it all out during this first week... So, we are asking that you please take some quiet time and sit and read these papers included in with this parent note and fill out and return any forms attached as soon as possible. Those of you that are new into the elementary school experience— this will be a good precursor to your start to Fall 2010/2011! You get so many papers and fundraisers you will need a separate file for each kid!!!!

Communicate with US.... Please!!!!

Many of you will be taking some vacation time this summer.... It is very important for staffing reasons, that you communicate your vacation time with us. My staff will be trying to take time off with their loved ones, so consideration for my staffing issues is appreciated. Each classroom has a monthly calendar, so please write your child's name on there or write a note to the teachers to let them know your plans. THANK YOU FOR YOUR COOPERATION... It is very much appreciated.

FYI Sunscreen will be charged to your account at \$5 per child from the Chick-A-Dee Room and older. It is 50 block, hypo-allergenic and fragrance free.

If your child has allergies to this, you may bring your own.

Water Bottles: Many parents are concerned that the children do not have enough hydration throughout the hot summer days.... We are asking that each parent provide their

child with a labeled water bottle. (Cuckoos and up— I would recommend a regular bottle of water, that you can throw in the freezer at night and they can drink out of throughout the day...We will, of course, refill it as often as necessary.

Young toddlers and ones... we ask that you provide a new sippy cup (labeled) for them to use and be left here at EL—so it can be brought outside or left inside.
